

Annie McDonald is an EnviroSchools Facilitator and Environmental Educator in Marlborough. She has a psychology degree with studies in environmental geography, and is an experienced teacher, having taught primary, secondary and adult students. Annie is passionate about helping teachers and students to have a greater understanding of our relationship with nature, and the part we can play in helping to regenerate, enhance and care for the beautiful place we live in.

Anna Crowe is an EnviroSchools Facilitator and a Freshwater Educator in Marlborough. She has a background in Freshwater Science, a deep and abiding love for the natural world, and a flair for connecting with students, teachers and the public to share her passion, and inspire them on their own journeys of discovery.

Angela Wentworth is an EnviroSchools Facilitator and coordinator of the Kids' Edible Gardens programme in Marlborough. After graduating with a Bachelor of Horticulture from Massey University, Angela has gained a wealth of experience in nursery production and education – passing on her passion and experience to people of all ages. Angela's philosophy is that taking a holistic approach to the environment; nurturing the soil, insects and ecosystem, is just as important as the plants you grow.

We have a partnership with **Marlborough Kindergarten Association** who facilitate EnviroSchools in all the kindergartens in our region. Our trained EnviroSchools facilitators are Gwenda Jones, Roxy Jones, and Ramona Millen.

Ramona Millen is an EnviroSchools facilitator and Kindergarten teacher. She has a Bachelor of Visual Arts and Design and a Graduate Diploma in Early Childhood Teaching. She has strong links with the natural environment having growing up in the Marlborough Sounds, and strives to

include this love and passion through her educational role with young tamariki. Ramona strives to empower those around her with the knowledge of how to look after themselves and Papatūānuku.

We have a partnership with the Department of Conservation supporting the delivery of EnviroSchools in our region, with a focus on the Living Landscapes area of the programme. We work closely with community ranger Wendy Sullivan, who is DOC's education lead for Marlborough. Wendy strongly believes in community conservation, and as such, supports a wide array of community educators in delivering tangible and real conservation programmes for schools. Check out the Marlborough Conservation Education Toolbox on the DOC website.
