Outlook for Someday
Video Challenge

Learning for Sustainability

Learned about problems and came up with solutions

Learned coal is not sustainable

How to conduct an interview

Reading newspapers and watching the news on television

Most of the rubbish on the riverbank was recyclable plastic

Student Reflection Sept 2019

Practices

Sustainable Communities

Drew on people from the local community

Learned about issues facing our community

Letterbox drop and support from locals in river clean up

Film premiere well attended by community

Empowered Students

- Chose our own topics
- Developed our own scripts
- Were in charge of filming
- Edited our clips
- We chose who we wanted to interview and emailed them
- Learned to negotiate with team members

Diversity of people and cultures

Worked as a team - helping each other

Tried new things

Did different jobs in the group - played to our strengths

Accepting of differences - age and gender

Interviewed people with differing viewpoints
