

TAIRĀWHITI Enviroschools EVENTS

Term 1

Tāirwhiti Enviroschools Action Fund (thanks to Eastland Port). Apply to us for funding to support your Enviroschools journey. Applications due to Darnelle at Gisborne District Council by **9th April.**

Maara kai Masterchef is back in term 3! Handy hints for this term - use summer fruit/vegies to make chutneys. Plant lots of herbs. You could still plant zucchini (make chutneys) and beans (can freeze for Masterchef). Plant brassicas at the start of term 2 so they have enough time to grow.

Term 1 & 2

Zero Waste workshops at Rethink. Tāirāwhiti Environment Centre. Whole class workshops for Year 4 & 5's targeting composting, worm farming, landfills, eco shopping, litter free lunches, the 6 R's (Rethink, Refuse, Reduce, Reuse, Recycle, Replace) and more. Free buses. Dates available for **term 1** are March 30, 31 & April 1, 6, 7. Dates available for **term 2** are May 4, 5, 6, 11, 12. Sessions are either 8:30-11:30am (9-12pm) or 12-2:30pm. **First in first served.** Priority goes to schools that would like to bring their whole syndicates. **BOOK NOW!**

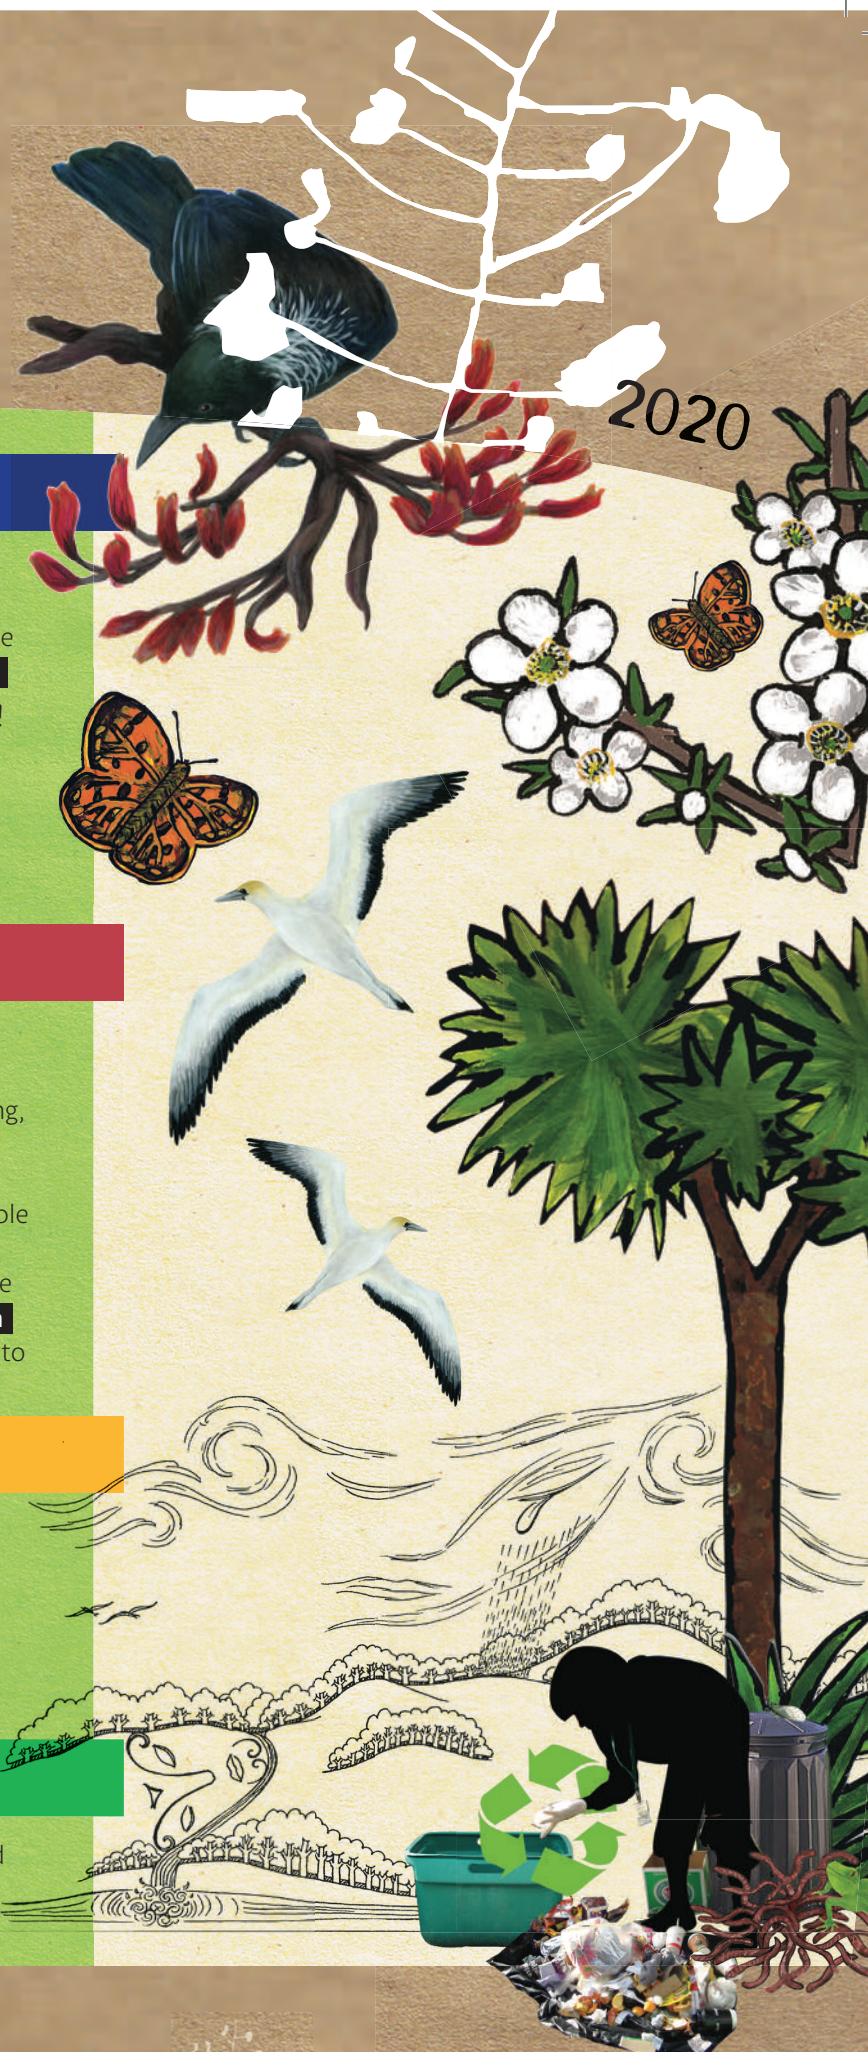

Term 2

WaiRestoration. Contact Kirsty or Kauri to join in with this great project helping to weed, mulch and plant at Waikanae Stream by the airport. There will also be multiple planting days of native trees at Waikanae Stream and Pakowhai Stream (Muriwai), so join in!

Term 3

Maara kai Masterchef. The event will be held **22nd September.** Same challenge - 5 ingredients from the school maara kai.

2020
